**QUITCLAIM DEED  
FOR TRANSFER OF INTEREST IN A WATER RIGHT  
AND WATER CONVEYANCE AGREEMENT**

1. \_\_\_\_\_, ("Grantor") is the owner of real property described in Exhibit A ("Property"). Santiam Water Control District delivers irrigation water to the Property under a water delivery agreement ("Grantee"). [The Property is located within the district boundaries of Grantee.]
2. Grantor releases and quitclaims to Grantee, all rights, title and interest in all of the primary and supplemental water rights appurtenant to the Property, being \_\_\_\_\_ acres, more or less, of water rights issued on certificates in the name of Grantee and any other irrigation water rights that are specifically appurtenant to the Property ("Water Rights").
3. Consideration for this Quitclaim Deed is other property or value.
4. Recording of this Quitclaim Deed notifies any subsequent purchaser of the Property that Grantor, as owner of the Property, approved the transfer [including a change in the place and type of use and point of diversion] of the Water Rights; that the Water Rights will not be conveyed in subsequent real estate transactions of the Property; and that upon completion of a transfer the Property will no longer have the benefit of the Water Rights.
5. Grantor remains liable to Grantee for district assessments and charges ("District Assessments") related to the Water Rights until the earlier of the date on which Oregon Water Resources Department approves the transfer of all the Water Rights to a new place of use or all the Water Rights are placed into beneficial use on another property. Grantor remains liable for District Assessments for Water Rights transferred temporarily to an instream lease. If only a portion of the Water Rights are successfully transferred to a new place of use, the District Assessments will be reduced proportionally.
6. The Property remains subject to Grantee's rules, regulations, bylaws and policies. [if within the District boundaries only] Grantee retains easements for any existing water conveyance facilities on the Property and for access across the Property for operation and maintenance of those water conveyance facilities.

7. Grantor bears full responsibility to holders of security interests in the Property for this conveyance and transfer of the Water Rights. Grantor will indemnify Grantee for any claims by holders of security interests in the Property related to the Water Rights.
8. This agreement is binding upon the heirs, executors, administrators, successors, and permitted assigns of the parties to this agreement.
